

## Prince Albert Crane Training Schools

Prince Albert Crane Training Schools - We have designed lots of Mobile Crane Operation programs at our Crane Training Schools. These programs are recommended for the experienced operator who requires re-certification or certification, and for inexperienced operator who is looking for work in the industry. Positions for crane operators are high due to their high pay. Operators of cranes are among the highest paid of whichever operator of heavy machine.

Our Crane Operator training provides instruction for a variety of mobile cranes. Course content includes Crane Set-up, Wire Rope, Lift Planning, Load Dynamics, Rigging, Signaling and Load Charts.

The Crane Training School program is best for supervisors, operators and riggers. Course materials include an informative and manual hand-outs. The safety manual that is illustrated features 100 to 250 pages, depending on the course, of useful and vital material. Course materials include load exercises and load charts for the crane with which the trainee is working.

Hands-On Safety Training will take up more than half of the course curriculum. The practical training part is the most useful method to improving and developing personal skill levels. Only certified journeyman crane instructors are selected to teach the courses. Our instructors possess numerous years of practice in the business.

For all the course we offer, we can include optional testing mechanisms to customize your training. A test for skills is usually administered for programs which consist of H.O.S.T. Individuals training would be graded and tested.

We offer certified training programs for the following cranes: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Rigging / Signalperson Certification and Training; Articulated Boom / Knuckleboom Cranes; In-The Seat Training and Certification & Testing.
